## SOFTWARE DEVELOPER

Motivated and results-driven software development graduate with an academic foundation in software development and cybersecurity. Proven leadership skills through managing teams professionally and within university work, as well as delivering a client-focused R&D project.

## WORK EXPERIENCE

### IT Service Desk Technician

Hallenstein Glasson Holding Ltd

March 2025 – Present

As IT support I work with a team, dealing with a wide range of requests from head office staff, distribution centres and retail stores. I assist with issues relating to software and hardware, and maintaining systems as required.

### Team Lead + Software Developer

First Steps Solutions: S2 Web App Project

Feb 2024 – November 2024

As part of my degree, I was assigned a project by an external client, who requested a web app for health and safety professionals to share ideas.

### Manager

Domino's Golflands and Domino's Botany Junction

**Delivery Driver + Instore** 2021 – 2022 | **Manager** 2022 - 2025

Worked in one of the busiest stores in New Zealand with experience leading the team there, before moving to a new store.

## EDUCATION

### Bachelor of Computer and Information Science

Software Development Major, Cybersecurity Minor

Auckland University of Technology (AUT)

2022 – 2024

GPA: 6.3
